ANNOUNCEMENTS.

BREED THEATRE.

The popular theatre offers to its patrons today an all feature program. "Fire and Snow," a Lubin drama, is a story of a Mary Light, daughter of the Rev. Alfred Light, who becomes a settlement mission worker to the poor. Because very popular and a favorite of all. In her work she visits a rendezvous called "Jake's Place," and meets Jack Burr, a wicked but handsome man. Despite her goodness she falls in love with him. He finally makes love to her, but Mary will not hear of it unless he reforms, which is a hard proposition. One night she overhears him planning a burglary and with the aid of her father seeks out the president of the firm to be robbed. All three go to the office, and Mary, dressed in white, hides in the vault; when Jack and his pals arrive they are surprised to find the vault door ajar and taking Mary for an apparition rush pell mell from the office, much to the merriment of Mary and the others. The ruse, however, brings about Jack's redemption and he wins the pretty mission worker. The bill with this story is a sensational Indian picture entitled "The Curse of the Lake," and a Pathe comedy, one of those screaming kind, full of laughs.

EMERGENCY APPROPRIATION

RUSHED THROUGH CONGRESS
Puts Government on Its Feet Financially for Half a Month.

Washington, Aug. 1.—Temporary relief for the bankruptcy in which the government found itself today was granted by congress through the passage of an emergency appropriation resolution which was sent to the president late today. It carries forward the appropriations as they existed in June and July for another half month. By August 15 it is expected that the annual appropriation bills will have been passed.

An attack was made on the emergency measure in the senate on the ground that it provided no funds to meet the increase in pensions authorized by the law recently passed. The emergency appropriation is for necessary expenses of the government and for the payment of pensions. In no instance, however, does it provide for anything further than the estimates as they existed in June.
